

CATERPILLAR SONG

LYRICS: by LITTLE VOLCANOES

TUNE: by LITTLE VOLCANOES

I am an insect, I have six legs.
I have no bones and I lay eggs.

I start my life as a tiny egg,
Sleeping on a leaf, it's my comfy bed.

The caterpillar look is my second stage.
Hatching from an egg, can you guess my age?

I like eating leaves until I am big,
Spinning silk around me on a twig.

Then I will create a chrysalis,
A very strong house you cannot miss.

Then I change my look but you cannot see.
Now I'm a butterfly. Look at me!
